

COVID 19 PREVENTION MEASURES DURING THE TRIP

From Tarannà Viajes con sense we want to guarantee the safety of all our employees and travelers. That is why during trips we have to follow certain measures in order to guarantee everyone's safety.

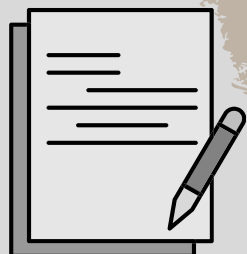

All guides and drivers must have a negative CRP prior to the start of the trip

Mask and safety distance throughout the trip

Disinfection throughout the trip: Disinfection of hotels, facilities, vehicles and disinfectant gel dispensers

ATTENTION: You must send all these protocols in writing, specifying whether there are specific regulations regarding COVID 19 in the country of destination: requirements for entering the country, capacity limitations, security measures in establishments and points of tourist interest, etc.
